Sabbath Mode - Standard*

Only continuous baking or timed baking is allowed in the Sabbath mode. All tones are disabled in the Sabbath mode; however the oven light is not disabled, so the light should be removed to ensure it does not come on when the door is opened. While in standard Sabbath mode, the sensors will detect your actions but will not respond. The heating elements will cycle as they do while not in Sabbath mode. Please consult your local rabbi for additional guidance while using the range during Shabbos and/or holiday. Cooking in the Sabbath mode is a two-step process, first the Sabbath mode must be set and then the bake mode must be set.

Setting the Sabbath Mode

Press the **Set Clock** pad until "SAb" appears in the display and then press **Start**.
